You can step into almost any drug store in the U. S. and get a bottle of S. S. S., the famous blood purifier. So there is no need to struggle or suffer with any blood disorder. It doesn't make any difference how severe is the outbreak, S. S. S. will overcome it. This famous remedy gets into your blood at once; it works with a will; it just simply annihilates disease germs; it drives them out, converts them into a harmless substance for quick elimination. Get a bottle today and you will quickly realize that S. S. S. is just as essential to blood health as are the meats, fats, grains and sugars of our daily food. And if you are a stubborn case, write at once to the Medical Adviser, The Swift Specific Co., 112 Swift Bldg., Atlanta, Ga. He will put you right. This department has been of incalculable service to a host of men and women. It has enabled them to understand their true condition, to take care of themselves in the right way, to see how S. S. S. in conjunction with health helps us to obtain the desired results without mistakes. Do not accept any of the horde of substitutes so often displayed for those who are easily misled. S. S. S. has been the standard for half a century and is unquestionably the safest medicine you can use.

DEAN OF PRINTERS TO TAKE VACATION

Frank Hobson, 1324 West Eighth street, veteran printer and publisher, left Friday night for the International Typographic Union Home at Colorado Springs. Mr. Hobson has been suffering from illness for the past three months, and the chance to have an opportunity to enjoy a rest and the luxuries afforded in the magnificent institution was a source of pleasure to him. He firmly believes

that within a few short weeks he will be rejuvenated and in a position to resume his duties with the Daily Oklahoman.

For the past seven years Mr. Hobson has been a proof reader on the Oklahoman, where he was actively engaged until he was stricken ill about three months ago. Since that time has been confined to his residence.

Sixty-three years of age and one of the last of the old school, Mr. Hobson is considered a dean of newspaper men and printers. Many years ago he published a paper in Iowa, later coming to the west. For some time he published a paper in Sulphur, Okla., releasing it to make his home in Oklahoma City, during which time he has been with the Oklahoman.

Following a long rest in the home, it is the intention of Mr. Hobson to return to the city and resume work as formerly—Oklahoman.

The photoplay, "A Curable Disease" which will be shown at the Majestic Friday, May 21, shows a case similar to that of Mr. Hobson, and depicts the advantages of such a home, as is maintained by the union printers of America. Don't fail to see the play Friday.

#### Killing Near Burneyville

A deplorable tragedy was enacted near Burneyville last Friday afternoon, in which J. C. Jackson, one of Love county's pioneer citizens was shot and instantly killed by Clay Kirkpatrick, youngest son of Mr. and Mrs. J. N. Kirkpatrick of Burneyville who immediately came to town and gave himself up to the officers.

Sheriff Smith and deputy Culwell were quickly upon the scene for the purpose of making an investigation, from what we learn of the affair there had been some trouble between the parties a day or two previous to the killing and upon the occasion of the fatal tragedy the men met in the road and the trouble was renewed. There were no eye witnesses to the killing except a negro, who was in company of the deceased.

Mr. Kirkpatrick waived the preliminary hearing, and his bond was fixed at \$5,000.00 which he readily made.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and a calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—adulterated fecal—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

and operated by women, with not a man holding interest. The principal stockholders in the company live in and near Madill. Mrs. Carry Arbuckle is the president, Miss Juanita Arbuckle, secretary, and Mrs. W. E. Hornaday, treasurer.

It is the intention of these ladies to drill a number of wells on leases held by them, and to secure as many more as possible.

#### Prominent Farm Man Here.

R. P. Elrod, demonstration agent for farm work, in the employ of the Frisco, with headquarters at Sherman, Texas, was in Madill Monday and called on News-Democrat. Mr. Elrod was in conference with county farm demonstrator Garland, and they propose great things in this line for Marshall county.

### RINGLING NEWS.

#### Report on Healdton Field

A large abstract report on the Healdton field shows some very interesting figures. In the entire field there are 251 wells already drilled. These wells have a producing capacity of 76,869 barrels. There is a proven acreage in the field of 5,515 acres. There are also 215 undrilled locations, showing that less than one fourth of the total locations in the field have yet been drilled.

If every location in the field was drilled in, and the producing average held up to the present standard, the daily production of the field would be approximately 255,362, or an average production of 238 barrels to each well. These figures are based upon one well to each five acre tract on the proven acreage.

#### Suggs Should Be Retained

The legislature voted an attractive salary to the state highway commissioner, and now there are numerous aspirants for the position—attracted by the salary. All of them are great good roads boosters and have been ever since the salary was provided for. The salary was the prophet's rod that quickened the dry bones of their good roads enthusiasm. All of which reminds us that the present commissioner, Sydney Suggs has for five years run the office on a suspended salary and frequently borrowed money to keep the office alive. Now that the office is something besides an honor, it would be rather ungrateful to let Col. Sydney out—Wewoka Democrat.

We trust Governor Williams will retain Col. Suggs as state highway commissioner. He is thoroughly qualified having spent the major portion of his life in that work. He talks good roads from morning until night and has his whole big heart set on the work. Such a man is bound to make good. We are for him.
